

HAZARDOUS/ELECTRONIC WASTE RECYCLING DAY

Saturday October 17, 2009

11am to 3pm at Tourism Information Centre

The Township of Terrace Bay is organizing a special recycling day for hazardous and electronic waste. The intent is that residents will use this opportunity to drop off materials of this type at the tourism information centre parking lot. Materials will then be sent away and recycled and not put in the landfill. Only the outlined materials will be accepted and materials cannot be received from businesses.

Hazardous Materials: paints and coatings and their containers, single use batteries, solvents and paint strippers, used oil filters, oil containers of 30 liters or less, anti-freeze, pressurized containers such as propane tanks, fertilizers, fungicides, herbicides, insecticides, pesticides & containers

Electronic Waste: Computers, computer monitors (CRT & LCD) CPUs, laptops, televisions, desktop printers, fax machines and peripherals (keyboards, mice, cables, and disk drives).
