SUPPORTIVE HOUSING SPECIAL MEETING AGENDA

Friday, August 14, 2020 at 12:00 pm

Zoom Link: <https://us02web.zoom.us/j/82415739741>

Activity Room (Old Library)
Terrace Bay Community Centre

1. Additions and Approval of Agenda Items
2. Disclosure of Pecuniary Interest and General Nature Thereof
3. Update from Elaine Wiersma, CERAH Group on Supporting Aging in Place in Terrace Bay Final Report Draft
 - a) Are the findings consistent with your own observations of the community?
 - b) What stands out to you in the report?
 - c) Is the report "readable" and if not, is there a different way that we can be representing the information?
 - d) Should the final draft of the report be released to the whole community or should we be merely providing a summary? (I'm not sure how many people want to read a 100-pg report, but also want to be sure that the information is released in appropriate ways as determined by the committee and by council).
 - e) Does council need to approve this or is this something that they should also be involved in discussions with?
 - f) When can we schedule some time in the fall for presentations to the community? How is this working with COVID restrictions?
 - g) Are there other recommendations you can see based on the information in the report that we should include?
4. Other Business
5. Adjournment
