

# JOAN MARILYNN HOPPER CLARK

## BUILDER | FIGURE SKATING

### 1965 – 2016

Joan was a lifelong resident of Terrace Bay and had many interests in the community; however, figure skating was perhaps a personal favourite. For over 50 years, Joan dedicated her time and efforts to make figure skating a wonderful place to be for many young residents of Terrace Bay and the surrounding area.

Joan was a member of the Terrace Bay Figure Skating Club, as a skater first and later on as an adult. When her daughters started skating, her commitment and involvement grew through volunteering. For many years, Joan served as an executive member and club president.

Her love of skating, combined with her leadership skills, made the Terrace Bay Figure Skating Club an amazing place to develop and grow as a skater, gain incredible self confidence, and make lifelong friendships.
