

Campsites along the Trail

Campsites on the Casque Isles Hiking Trail include the following amenities, unless noted;
Bear Box, Picnic Table, Fire Ring and Thunderbox or Outhouse.

Campsites are on or near a water source, filtration is your responsibility.

Carry out what you carry in, the Bearboxes are meant for food storage not garbage.

Do not burn refuse in the fire pits as this also leaves your garbage on site.

Campsites are listed west to east, Rossport to Terrace Bay.

We do not manage a reservation system, it is first come first serve.
